EPA says Pa. towns water meets U.S. health standards

FuelFix

... methane, chromium or bacteria, but they were all within the safe range for drinking water, **Roy Seneca**, an EPA spokesman, said in an emailed statement.

EPA not yet 'drawing conclusions' about full Dimock picture

Scranton Times-Tribune

EPA spokesman **Roy Seneca** said Friday that the results released so far represent only the sampling performed during the week of Jan. 23.
